| Editor's Preface | vii |

Sustainability Assessment Methods, Applications and Limitations

| | |
|---|----|
| Ecologies: A New Tool for Evaluating Logistic Settlement <i>Silvia Giordano, Patrizia Lombardi & Roberto Pagani</i> | 3 |
| MuSIC - A Multi-scalar Index for Evaluating Sustainability in Cities <i>Luca D'Acci & Patrizia Lombardi</i> | 19 |
| The Development of Environmental Labeling of Buildings; a case study of Sustainability Applications in UK, Iceland and Egypt <i>Alwan Z & Hudson G & Greenwood</i> | 35 |
| Towards Sustainable Buildings in Malaysia: Evaluating Malaysian Green Building Index <i>Abdul Samad, Muna Hanim, Azizan & Farah Diyana</i> | 45 |
| Sustainability Assessment of Residential Urban Areas: An Early Warning Analysis <i>Xu Zhao & Marta Bottero</i> | 57 |
| The True Value of Sustainable Buildings What Else Do Design Professionals Need to Know About Sustainability Investment ? <i>Alireza Bozorgi & James R. Jones</i> | 73 |

Urbanism in the Middle East

| | |
|---|-----|
| Present and Future of Post-oil Urbanism: the challenge of balanced urban growth in the gulf <i>Florian Wiedmann</i> | 91 |
| Kuwait Latent Sustainable Urbanity <i>Muhannad Albaqshi</i> | 107 |
| First Experiences of Sustainable Neighborhoods in Arab Mediterranean Countries: Reproducing the European Model? <i>Barthel Pierre-Arnaud.</i> | 121 |
| New Urbanism, Smart Growth and Informal Areas: A Quest for Sustainability <i>Heba Allah Essam El-Din Khalil</i> | 137 |

Sustainability in Arab Countries

- Urban Responsibility in the Context of Environmental Changes
in the Arab Region
Ahmed Hamza 157
- Masdar - The Sustainable Desert City: A Theoretical Mirage
or A Realistic Possibility?
Gabriel Tang 175
- Traditional Urban Process of the Middle East: Lessons in Sustainability
Aboul-Fetouh Saad Shalaby 191
- Technology Transfer for Sustainable Housing in Sudan
Akram A. Elkhalfifa, Amal M.H. Balila & Rasha A. Abubakr 209
- Sustainable Development & Planning: Related Issues
to Tourism Development in Libya
Megeirhi, H & Ebohon, J.O 225
- Sustainable Urban Development Practices in City Centre: Tentative
Analysis of Projects in Progress in Oran, Algeria
Samira Gaïd 237

Sustainable Renovation and Restoration

- Local Communities' Perceptions towards Building Reuse in Old
Residential Quarter of Melaka City
Rhan See Chua & Atsushi Deguchi 253
- The Evolution of Upgrading Policies in Amman
Myriam Ababsa 273
- Towards Sustainable Development in Historic City Centres:
An Integrated Approach
Fatima M. Al-Nammari 293
- Branding Lefke
Ulfet Ulbar et al. 311
- Ancient Adobe for Modern Sustainability: Solutions From and
for Ghadames
Laila Hamed Abidi Andrew Alcorn & Carlos Bello 327
- The Functional and Structural Transformation of the Eastern Coastal
Zone of Lisbon Induced by EXPO'98
Lea Petrovic Krajnik 345

Sustainable Design Issues

- Evolutionary Algorithms for Sustainable Building Design
Fakhri Bukhari, John Frazer & Robin Drogemuller 363
- Timeless Technology Designing in an Era of Scattered Knowledge

| | |
|--|-----|
| <i>Duarte Cabral de Mello & Vasco Granadeiro</i> | 379 |
| Building Learning In Children: ‘Authentic’ Sustainability Education through Building an Eco-classroom <i>Susan J. Wake</i> | 397 |
| The Impact of Daylighting on Occupants of Large Span Roof and Façade in the Tropics: A Case Study of Main Terminal Building, Kuala Lumpur International Airport <i>Siti Norzaini et al.</i> | 415 |
| Green Strategies of Healthcare Design: Case Studies of Medical Centers <i>Farshin Salehi & Sima Vaez Eslami</i> | 431 |
| Landscape and Ecological Sustainability | |
| Productive Urban Landscape: Appropriating Forces and Criteria <i>Ahmed Mohamed Amin</i> | 449 |
| A Fair Accord: Cradle to Cradle as a Design Theory Measured against John Rawls’ Theory of Justice and Immanuel Kant’s Categorical Imperative <i>Jacob Voorthuis & Cyrille Gijbels</i> | 465 |
| A Pattern of Eco-park Design: Case of Beshghardash Region in Bojnourd, Iran <i>Mousa Shakeri et al.</i> | 479 |
| Water Infrastructure and Innovative Technologies in Arid Climates <i>Aziza Chaouni & Liat Margolis</i> | 495 |
| Application of Recreational Spaces in Fulfilling Collaborative Planning Goals: Case of Bandar Abbas, Iran <i>Amir Aslan Fila, Sina Shahab</i> | 511 |
| The Role of Landscape Architecture Designs in Enhancing Open Spaces of Universities’ Campuses: Saudi Arabia <i>Mohammed Masoud Al-Abudullah</i> | 527 |
| Participants | 545 |
| Author Index | 549 |
