Table of Contents	iii
Editor's Preface	vii

Virtual Heritage & Virtual Reality Applications

Integrated Cultural Heritage Reconstruction in Space and Time <i>Michele Russo & Gabriele Guidi</i>	3
3D Digital Model of Hass Clavichord, Hamburg <i>Ewa Lukasik et.al</i>	17
Towards a DigitalMakkah – Using Immersive 3D Environments to Train and Prepare Pilgrims <i>Jens Schneider et al.</i>	33
Teramo Project: Toward the Creation of a Virtual Heritage Network in Urban and in Cybernetic Space <i>Eva Pietroni et.al.</i>	51

Digital Reconstructions and 3D Modelling

Digital Reconstruction of the Chicago Stock Exchange <i>Michele A. Chiuini</i>	69
A New Terrain Modeling Technique for Digital Reconstruction – a Case Study <i>Lee Staff et.al.</i>	87
Modelling Specificities of a Physical Town Scale Model <i>C. Chevrier, K. Jacquot and J.P. Perrin</i>	103
Three-dimensional Recording and Visualisation of A'Famosa Fortress by Using Terrestrial Laser Scanning <i>Ong Chee Wei et.al.</i>	119

Knowledge Systems and Interactive Internet-based Applications

Visual Browsing of Semantic Descriptions of Heritage Buildings Morphology <i>Annika Moscati et.al.</i>	137
A Tool for the 3D Spatio-Temporal Structuring of Historic Building Reconstructions <i>C. Stefani, L. De Luca, P. Véron & M. Florenzano</i>	153

Reconstruction of Ancient Rome in Interactive Virtual Reality <i>Sophie Madeleine & Philippe Fleury</i>	169
Scales of Cultural (re) Productions <i>Jeni Mihova & Matt Fraser</i>	185
3D Data Capture and Processing in Cultural Heritage	
Processing and Calligraphic Analysis of Buddhistic Inscriptions in China Based on Precise 3D – Data <i>Natalie Schmidt et.al.</i>	203
Cutting-edge Cartography at Jebel al-Buhais, UAE <i>Mercedes Farjas et.al.</i>	219
Close Range Architecture Documentation of Angkor Style Temples <i>Julia Freudenreich et.al.</i>	237
Spatial Information Management in Cultural Heritage	
Image-Based Modeling of the Present Past: Building 3D Models of Archaeological Environments from Digital Photographs. <i>Christopher Sevara, Joakim Goldhahn</i>	251
Territorial Heritage Domain: E-content Transfer Using SDI and Digital Maps Archives <i>Raffaella Brumana, Daniela Oren & Branka Cuca</i>	267
Construction, Management and Visualization of 3D Models for Cultural Heritage GIS Systems <i>Fabrizio I. Apollonio, Marco Gaiani & Simone Baldissini</i>	283
Understanding the Urban Tissue History through GIS Assisted Integration of Geologic, Geomorphic, Historical and Architectural Data: the Case History of Ferrara (Northern Italy) <i>Marco Stefani & Marco Zuppioli</i>	301
Participants	317
Author Index	319
